

Download and Launch CoastalFlixSM videos from your Learning Management System

dss+ is proud to bring you an enhanced CoastalFlixSM experience with the ability to launch streaming videos from a SCORM compliant Learning Management System (LMS). With thousands of streaming videos available our flexible content can solve almost any training challenge. With a few clicks of the mouse, you can download a SCORM Package as a zip file in either a Single SCO or Multi SCO SCORM format.

When the SCORM package has been integrated with your system, you will be able to:

- Track total training time
- Track completion status
- Utilize bookmarking

SCORM Package

This section will allow users to download SCORM 1.2 or SCORM 2004 compliant packages of their content. These SCORM packages:

- Will not be self-contained (Content is not part of the package). Rather, the content will be launched from www.coastalflix.com hosted internally at dss*.
- Will contain algorithms required for SCORM communication.
- Can be installed in any learning management systems (LMS) that meet this standard.
- Can be launched and tracked seamlessly in any SCORM compliant LMS.

Following options are available:

- SCO Title: Users can input their SCO title and this title will be reflected in the third party ELMS.
- Publish standard: Select either SCORM 1.2 / SCORM 2004 as required.
- Download via: Select
 - » Secure - If your LMS is https
 - » Not Secure - If your LMS is http

Note: It is recommended that you add the following URL's to your browser's trusted sites list
